## LAUNCH TOWS HUGH ROBINSON'S HYDRO-AEROPLANE TO WINONA AFTER ACCIDENT AT WHITMAN

### HE MAY NOT GET HERE TONIGHT

Details of Accident Not Known, but It Was Sufficient to Disable the Machine

### CROWDS WERE DISAPPOINTED

Throngs at Winona Waited for Hours While Attempt to Fix Ship Was On

### MADE A WONDERFUL RECORD

Flight from Start to Lake City Made Better than Sixty Miles an Hour

WINONA—Robinson flew a little way from Whitman, going up again at 2:52. He had to descend again. He has just arrived here in tow of a launch. He will remain in Winona tonight, but expects to start south in the morning.

FOUNTAIN CITY, Wis., Oct. 17.—(3:20 p. m.)—Hugh Robinson's airship has just passed this city in tow of a launch. He was unable to repair the damage which caused him to alight at Whitman station, and after working from about 11 until 2:52 the attempt was given up.

There seems no probability that Robinson will arrive here tonight. All the afternoon the Winona levee has been crowded with people expecting the aviator, and word from Whitman was not encouraging. It was believed that the minor accident met with could not long delay Robinson, and the above dispatch from Fountain City was the first intimation that he would be unable to get away. Up to this time no details as to the character of the accident could be secured.

Until he had passed Lake City the flight was most successful, and it appeared likely the aviator would break all records. At 10 o'clock this morning it was estimated he would reach La Crosse as early as one-thirty, and but for the accident he doubtless would have done so.

The following arrangements have been perfected for the reception of Robinson upon his arrival in La Crosse:

His landing will be made upon a signal waved with a white flag in the hands of Miss Mae Williams and Otto Muenster, the latter circulation manager of The Tribune. Aviator Robinson will be taken to the Hotel Stoddard in Mr. Salzer's automobile, accompanied by Miss Williams, Wm. F. Hurtgen, Mr. Muenster and Mr. Salzer.

When Robinson prepares to leave Winona this afternoon Mr. Scott Laird, publisher of the Winona Republican and Herald, will telephone the fact to The Tribune office. By pre-arrangement Mayor John Densmore will be present.

### WEATHER

For La Crosse and vicinity: Fair tonight and Wednesday; cooler tonight with probably frost.

For Wisconsin: Generally fair tonight and Wednesday; slightly cooler tonight with frost in lowlands if clear.

For Minnesota: Generally fair tonight and Wednesday; probably frost tonight; cooler east portion tonight.

For Iowa: Generally fair tonight and Wednesday; slightly cooler tonight east portion.

Weather Notes

The storm center has moved from Iowa to the Lake Superior district and rain has been general from the Mississippi valley to the middle Atlantic states. Red Wing reports a 24 hour rainfall of 2.40 inches and Reeds Landing 1.12 inches. The weather is generally cloudy in the eastern half of the country and clear throughout the west. It is cooler from the Mississippi valley to the Rocky mountains and frost formed as far south as western Kansas.

Fair weather is indicated for this section tonight and Wednesday with lower temperature and probably frost tonight.

### STEPHENSON CASE DRAWS NEAR END

Investigating Committee Hopes to Conclude Its Hearings This Week

### THOMAS MORRIS IS CALLED

Lieutenant Governor to Be Sworn Today; Robert S. Cowie on the Stand

### MORRIS ON STAND

MILWAUKEE, Wis., Oct. 17.—Continuing his testimony Morris said: "Mr. Cook said that after the charges were filed by Blaine and the legislature failed to elect Stephenson, Hines went to Stephenson and represented to him that if he would put in \$50,000 he (Hines) would raise an equal amount to bring about the election of Stephenson. Cook said this arrangement was finally agreed upon and Shields and another man took charge of the matter and in time Stephenson was elected. This money was used at the time Stephenson was elected. Then, he said, Shields went to Chicago and insisted on being paid a sum of money, \$15,000 for his services."

Shields finally got \$7,500. Morris had not seen Cook since.

Mr. Littlefield moved to strike out all the testimony given by Morris relative to the conversation with Hines, on the ground that it was hearsay on the part of Cook.

It is expected Morris' testimony will mean the summoning of more witnesses. Morris went to Chicago at the suggestion of A. C. Titus. Before going he talked with Senators Sanborn and Owen and G. E. Vandercook.

MILWAUKEE, Wis., Oct. 17.—Although nearly forty witnesses remained to be heard, the Stephenson investigation committee hopes to conclude its hearings this week. The expectation today was to hear the members of the legislative investigating committee which first investigated the case, the house members of which favored Stephenson and the senate members of which opposed him. After the primary election has been looked into, the committee will take up reports of corruption in the election of Stephenson by the legislature. Subpoenae have been issued for a number of persons in this connection. Among those summoned are J. E. Wagner, who stated that he saw money passed, but who was sent to prison for perjury theretofore.

Thirteen new witnesses were called to be sworn today, "Bob" Shields being the first. The others were Lieutenant Governor Thomas

### PLOT TO BLOW UP TAFT TRAIN FAILS

Thirty-nine Sticks of Dynamite Found Under Railroad Bridge by a Watchman

### MEXICAN SAVES PRESIDENT

Stranger Disappears in the Woods, Escaping Bullets of Guard at the Bridge

### SANTA BARBARA, CAL., Oct. 17.

Secret service men from San Francisco and special detectives engaged by the Southern Pacific railroad and Sheriff Stewart of Santa Barbara county are engaged today in an investigation of a plot reported by Stewart to dynamite President Taft's special train, 25 miles north of here. The secret service operatives are said to have evidence that the responsible person has fled to the mountains, where he is hiding.

Both Sheriff Stewart and Special Agent W. F. Wines of the Southern Pacific assert there is complete evidence of the plot. They were busy on the case, after having spent twenty-four hours at the scene of the alleged attempt. They declare the plan was to blow up a long bridge over which the president's special passed early Monday. At midnight Sunday a Mexican watchman saw a man running in the gully below the bridge. He called to the man, who increased his pace and disappeared, after the watchman had fired several shots at him. The watchman investigated further and found twenty-one sticks of dynamite hidden in a section of one of the steel piers near the middle of the bridge. A long fuse hung from the side of the pier. He also found eighteen sticks of dynamite in the next pier, similarly arranged.

The watchman notified Sheriff Stewart and Special Agent Wines, the latter of whom was on the president's train. They removed the dynamite and instituted an investigation. The officers declare that the explosive was so placed that the dynamite could have started the fuse after seeing the president's train approach and could have had time to escape himself. There was sufficient dynamite to have blown the bridge and train to bits.

A reward of \$5,000 for information leading to the arrest of the man who attempted to dynamite the bridge, was offered today by E. E. Calvin, vice president and general manager of the South Pacific.

POLO GROUNDS, NEW YORK, Oct. 17.—Either because of darkening skies or darkening prospects there was a decidedly bullish tendency evidenced in the enthusiasm of the New York fans today and when at 1 p. m. the Giants trotted to the field, there were many patches of vacant seats scattered throughout the bleachers and only the slightest sprinkling of spectators in the big grandstand.

Out in center field stood the new auto awarded Ty Cobb by the sport writers as the American league player who had done best work for his club. Cobb, a sporting writer now, was on hand to receive his second automobile won by his prowess on the diamond. Just before the start of the game, Cobb was called to the plate and Ben Mulford, Jr., a former Cincinnati sporting writer, turned the car over to Cobb.

Frank Schulte, winner of the trophy in the National league, received his car yesterday in Chicago at the game between the Cubs and White Sox.

Neither threatening weather nor ticket scalpers, though, could keep the crowds away. The vacant spots in the bleachers filled almost imperceptibly—but filled.

### Lineup of Players

Athletics—Lord, lf; Oldring, cf; Collins, 2b; Baker, 3b; Murphy, rf; Davis, 1b; Barry, ss; Lapp, c; Coombs, p.

New York—Devore, lf; Doyle, 2b; Snodgrass, cf; Murray, rf; Merkle, 1b; Herzog, 3b; Fletcher, ss; Meyers, c; Matthewson, p.

Umpires—Berehand, plate; Connolly on bases; Dineen, right foul line; Klem, left foul line.

### First Inning

Athletics—As on Saturday, Matthewson opened the festivities by making his first pitched ball to Lord out the plate. The batter fouled the next two and then grounded out. Doyle to Merkle. Matty gets an assist for knocking the ball down through it was too hot for him to handle. Oldring drew two strikes and then grounded out. Fletcher to Merkle. Collins got a generous hand from all parts of the stadium as he stepped up for his first trial. He grounded to Merkle and was thrown out, Matty covering the bag. It was a very close play. No runs, no hits, no errors.

New York—Devore, with the memory of yesterday's four strikeouts, looked more chipper today when he stepped to the plate and faced a right hand slab man. But this look of satisfaction faded quickly and he fanned on three pitched balls. Doyle grounded out to Davis, unassisted. Doyle hit the first ball pitched directly into the first baseman's hands. Snodgrass fanned. No runs, no hits, no errors.

Coombs disposed of the first three Giants with eight pitched balls, putting his first one over on each man.

### Second Inning

Athletics—Baker got a rousing hand as he came up in the second inning, and in response took a squint at the right field fence of the Polo grounds, which is considerably higher than that at Philadelphia. His effort, however, was a grounder to

## LA FOLLETTE NAMED PROGRESSIVE CANDIDATE FOR THE PRESIDENCY AT GREAT CHICAGO CONFERENCE

ROBERT M. LA FOLLETTE

Progressives' Candidate for President

### TO CARRY FIGHT TO THE NATIONAL GOP CONVENTION

Platform Adopted Bespeaks Greater Control for People in Government Affairs

### WISCONSIN LEADER LAUDED

"Little Giant" Is Hailed as Greatest Constructive Statesman of His Century

### IS THE LOGICAL CANDIDATE

His Record, Experience, Character and Courage Meet All Requirements of Leadership

CHICAGO, Oct. 17.—Definitely or record as supporting Senator Robert M. La Follette for the republican presidency, the conference of progressives today laid plans to carry their fight into the national convention next year.

In order to make their "declaration of principles" of the broadest possible scope, the conference abandoned the original plan of specifying exact reforms for which the progressives stand, and the platform, as adopted, bespeaks lodgment of great

### JURORS ACCEPTED FOR M'NAMARAS

Both Sides Out-generalled by Judge Bordwell by Exercise of Prerogative

### OBJECTION IS WITHDRAWN

Ruling Desired by Both Sides Dodged by Judge; Jury to Be Impartial

LOS ANGELES, Oct. 17.—When court reconvened today both sides in the McNamara murder trial were determined to press the case and make material progress in the selection of a jury. Two venturmen in the box have been accepted by the defense, subject to peremptory challenge, and it is expected at least two additional will be obtained today.

It is realized everywhere that Judge Bordwell out-generalled both sides who desired to place him on record at an early stage in the proceedings. The judge, instead, exercised his prerogative and interrogated Nelson. He led him by easy stages to a point where he was compelled to admit he was unable to answer yes or no to the simple question whether he could lay aside the prejudice and act fairly as the California code demands. As a result the state, seeing itself facing an embarrassing position, was forced to withdraw its objection to challenge, thus relieving the judge from deciding the point raised by eliminating Nelson. This was admittedly a great victory for the defense and indicates a desire by Bordwell to obtain an absolutely impartial jury.

The point, however, is certain to be renewed later, as the state is expected to develop at least one man in the venire who is satisfied that a gas explosion destroyed the Times. When the positions of both sides will exactly reverse and the defense will force the fight for the venireman's retention, while the state, which wanted to keep Nelson, who declared he was sure dynamite was used, will be forced to face this fact squarely.

### WASHINGTON TRIAL DELAYED

NEW YORK, Oct. 17.—Charging that three of his witnesses had mysteriously disappeared in the last thirty-six hours, Attorney Moore, representing Harry Ulrich, today secured an adjournment until November 6, of Ulrich's trial on the charge of assaulting Dr. Booker T. Washington, the negro educator.

### THE SITUATION IS OMINOUS

Government Tries to Borrow Money to Carry On War Against the Rebels

PEKING, Oct. 17.—All passengers traffic between Peking and Tien Tsin has been suspended by the government, which is using every train out of the capital for the transportation of troops. The closing of the railways has caused a panic here, for thousands of the lesser officials and business men were arranging to send their families away, a step now rendered impossible. The situation grows more ominous here daily.

Twenty-four troop trains have left Paoingfu and the Sixth army division will be entrained today. How far, however, the troops can be depended upon, remains very doubtful. General Yin Tehang, the war minister, who is in personal command of the army, has frankly admitted that he has no confidence in the soldiers.

One hundred American marines will sail from Manila on Wednesday to reinforce the legation guard here, and Great Britain is preparing to land a body of marines for the same purpose.

Lacking any fund to carry on a war against the rebels, the government is endeavoring to negotiate a loan of several million taels to be paid in three months.

### DIEGLE FACES PRISON

COLUMBUS, O., Oct. 17.—The circuit court today affirmed the three-year sentence imposed by Common Pleas Judge Kinkead upon Rodney J. Diegle, sergeant at arms of the Ohio senate, who was convicted of complicity in the legislative bribery. Diegle's attorneys will appeal to the supreme court.

### La Follette Is Silent

WASHINGTON, Oct. 17.—Senator La Follette declined today to comment on his endorsement for the presidential nomination yesterday for the progressive convention. He doubted whether he would have any time for campaigning before the convening of congress in December, but if he finds time he would devote it to the progressive cause.

er control with the people in the control of the people in the control of government affairs, and the wresting of power from the representatives of the special interests. The exact measures by which the progressives expect to accomplish this reform will be outlined later.

Endorsement of La Follette came as the climax to last night's meeting, when the "declaration of principles" was unanimously adopted. The Wisconsin leader was lauded as the "logical candidate."

"His record," the platform said, makes him such. His experience, his character, his courage, his record of conservative legislation and administrative ability meet the requirements for leadership such as present conditions demand.

No Formal Sessions Today

As to business conditions, the "declaration of principles" asserted: "It is worse than idle to leave the question of whether great business enterprises are local or not merely to judicial determination."

There were no formal sessions of the conference today, but delegates remained to talk things over in informal groups. Tonight a mass meeting will be held at Orchestra hall. State Senator Walter Clapp of Illinois will preside, and the speakers will be Senators Clapp of Minnesota and Crawford of South Dakota. Amos Pinchot, brother to the former forester, and George L. Record of New Jersey.

Clapp Lauds La Follette

Eulogizing La Follette, but never mentioning Taft except by inference and then disowning him, Senator Moses E. Clapp of Minnesota delivered the keynote speech of the progressive republican campaign. He spoke before the national conference in the Hotel La Salle.

Senator Clapp arraigned the "bourbon spirit" of his party and declared the progressives offered its only salvation. He hailed La Follette "the greatest constructive statesman of his country," as the rightful successor of Lincoln, McKinley and Roosevelt. He said the republican party had been the instrument of the people until the spring of 1909, leaving his auditors to recall that this was the date of the inauguration of Mr. Taft.

Another obvious reference to the president and his present campaign was this:

"The American people are not satisfied with violated pledges, even though in deathbed repentance it be promised that eventually they shall be carried out."

## Doctor's Prescription For Eczema

The most advanced physicians of this country and Europe are now prescribing a wash of wintergreen thymol and other soothing and healing ingredients for the cure of Eczema, Psoriasis and all other forms of skin trouble. This compound is known as the D. D. D. Prescription.

Dr. Holmes, the well known skin specialist, writes: "I am convinced that the D. D. D. Prescription is as much a specific for Eczema as is quinine for malaria. We have been prescribing the D. D. D. remedy for years."

We ourselves vouch for the D. D. D. Prescription for Eczema and absolutely guarantee that it will take away the itch the instant you apply it.

If you will call at our store we will be glad to let you have a \$1.00 bottle on the guarantee that it will cost you nothing unless you find it does the work. And you decide. For that matter a trial bottle for 25 cents ought to be enough absolutely to prove the merits of the remedy.

Drop into our store, anyway, and as we have seen a great many cases of skin trouble, we will give you free a pamphlet giving directions for bathing, diet, etc., for all kinds of skin trouble.

Ask for the D. D. D. pamphlet, "Cause and Cure of Skin Disease." Get posted on this wonderful remedy today.

## CITY OFFICIALS PICNIC SUNDAY

Guests of Herman Pammel at Big Outing Held on Farm on State Road

Ten aldermen and practically every city official Sunday were the guests of Herman Pammel, at his farm on the State Road for their annual "Sauerkraut outing."

The bad weather failed to dampen the spirits of the city "dads" and from 9 o'clock in the morning until 6 in the evening they enjoyed themselves thoroughly.

Mayor Dengler, City Attorney Schubert and Comptroller William J. Fries failed to attend. It wasn't Fries' or Schubert's fault, however. They ordered an automobile and waited in the former's office for it. It failed to show up and consequently they were not among "those present."

Politics played a minor part in the discussions at the farm.

The officials left the city in buses at 9 o'clock in the morning and returned at 6 o'clock in the evening.

## MADERO NOMINATED FOR THE PRESIDENCY

MEXICO CITY, Oct. 17.—Congratulations by the thousand today poured in upon Francisco I. Madero, president-elect of the republic of Mexico, and the first man to sit in the highest seat of power since the first election of Diaz thirty-four years ago. Only the ceremonies of inauguration remain to place Madero in actual authority for the electoral college, by a practically unanimous vote has nominated Madero president.

There still remains a little doubt as to the vote of the electoral college for the vice-president, but it is thought certain that Jose Pino Suarez will obtain the position for the chamber of deputies will name him as Madero's lieutenant who is Francisco De La Barra, who is Suarez's closest rival.

The remorse that fills the tear jar is the evaporating kind!

## WINONA ELKS TO HAVE A SPECIAL

One Hundred Signify Intention of Attending Big Minstrel Show Here October 30-31

When the local Elks' minstrel show takes place Monday night, October 30, there will be one hundred Winona Elks in the audience to applaud the local lodge's production.

The Winona lodge plans on chartering a special train to convey their delegation to La Crosse and will arrive here about supper time. From the depot they will be escorted to the Elks' club rooms and will be entertained there until about the time of the performance.

A large delegation of La Crosse Elks attended the show given in Winona under the auspices of the Elks there and were unanimous in pronouncing it a big success.

## FOR THOSE ABOUT TO MOVE

These Few Little Hints May or May Not Prove to Have a Practical Value.

Never order the moving van to be at your door before 7:00 a. m. It annoys father to have his bed carried into the street while he is still using it.

In packing up always stow away first father's razor, shaving brush and mug, change of linen and fancy vests. Bury them at the bottom of the largest packing case beneath the books and the bed quilts. This will cause father to go without shaving for a week, and the new neighbors will take him for one of the regular moving van men.

Be sure to have your best pieces of furniture taken out of the van first and into the house last. For by your furniture are you judged. However, if you have no best furniture, or if your rent is overdue, move at night.

Be sure to tell your husband where you are moving to. This saves trouble and annoyance. Many a man has left home in the morning only to discover when he returned at night that his wife had moved during the day without leaving her change of address. Before home can be a source of joy and comfort to him, a man must know where it is.

After the moving van men start to carry a heavily loaded bureau up the stairs be on hand to warn them to be careful of the walls. This will annoy the men, and you will discover how fluent is their speech; also how profane.

Remember that the landlord owns the window screens, shades and gas fixtures.

The day before, the very day, and for a week after moving cold boiled ham is an excellent substitute for food. It is easy to serve. You don't even have to add a little hot water.—Detroit Free Press.

## PUTS AN END TO STOMACH MISERY

Indigestion, Gas, Heartburn and Dyspepsia go and you feel fine in five minutes

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapepsin, and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at your drug store, waiting for you.

These large 50 cent cases of Pape's Diapepsin contains more than sufficient to cure any case of Dyspepsia, Indigestion or any other Stomach trouble.

## "EIGHTS" ARE THEIR HOODOOS

Postal Clerks Say Stamp of That Denomination Causes Them Much Financial Loss.

When a meek little man stepped up to the stamp window in a branch office and asked for an eight cent stamp he caused as much consternation as if he had demanded "your money or your life."

All the clerks came to the window to take a look at him. They muttered to one another and made strange and fantastic signs, crossed their fingers, knocked on wood and did various other things that are supposed to drive away evil spirits.

"We're just out of eight cent stamps," a clerk finally stammered. "Got lots of two and ones."

"Well, gimme a five and a three," said the meek little man, upon receiving which he paid for them and departed.

"What's the matter with the eights?" queried an inquisitive spectator.

The stamp clerk was still too nervous to answer, but one of the others said, with a smile:

"Eights are hoodoos. None of the small offices handle them if they can help it. It's this way: They are just a wee shade different in color from the ones and it is no infrequent thing for a stamp clerk in a hurry to hand out a lot of eights when ones are asked and paid for. It always costs him seven cents a stamp when he does it. The clerk here the other day, during the rush hour, when the offices are closing, was called upon for a dollar's worth of ones. He handed out a hundred eights instead. Cost him seven dollars. Then he got rid of all the rest of the eights and now he won't have anything to do with eights. Even says 'eaten' instead of 'ate.'"

## CACTI FOR TELEPHONE POLES

Scheme for a Government Line in Arizona Desert Which Is Believed to Be Feasible.

Saguaro for telephone and telegraph poles is the latest idea and one that is to be tried out. It sounds plausible and it is believed that it will be more economical than the old style of poles. Its test is to come from Arizona.

The government is to build a telephone system for the forestry service of the Coronado forest reserve. The first of these lines to be built out of Tucson is to be used into the Catalinas, and it is there that the Saguaro experiment is to be tried.

The giant cacti will not be sawed off and set up nor will they be transplanted, but the growing plant will be used as a pole where it is found practical. Where they can be found in what approaches alignment, so that the line will not have to zigzag too much, the saguaro up in the canons through which the line will pass are to be utilized for the purpose of attaching brackets to which the wires will be fastened. And so the secret is out.

Along the proposed line it is difficult to set poles, owing to the rocky nature of the country traversed. Not only is this the case, but it is difficult to get the poles up there in the hills to set, while the saguaros are right there in many instances, and while not at a uniform distance this is not considered important. Another saving will be that while the made to order poles will not oust the ready made ones, these will be of long life and will not demand replenishing and replacing from time to time.

## MAJESTIC BILL DRAWS CROWDS

Johnny Ford Continues as Success of the Week; Violinist Gets Big Applause

Funny Johnny Ford continues to make the hit of the week at the Majestic, his clever dancing and humorous singing bringing down the house at every performance. Ford is the late star of the "Echo" and "Three Million Dollars" musical comedy companies, and this is his first whirl around the circuit as a vaudeville star. His dancing is of the eccentric type which never fails to amuse, and he introduces new stunts and different ways of doing old stunts that always make good with his audience.

Carl DeMarest, dancing violinist, is a wonder on the strings. He makes his instrument talk, and in addition evokes prolonged applause by the way in which he dances without losing time or tune with his violin. It is rather hard to tell whether it is his music or his dancing which makes the biggest hit with the crowds that are packing the theatre to see the bill, but he gets away with it at each performance.

The Grace Sisters are singers and dancers of note. They are both attractive, and can sing more than a little. The dancing of one of the sisters is the feature of the act, with the song "Red-head" by her sister a close second.

The rest of the bill, including the singing and dancing act of Redwood and Fordon, and the one act playlet, "In De Bag," by Emerson and Celeste, is in keeping with the rest of the bill. Miss Gordon sings well, and makes a decided hit in her first song, when she appears as a Spanish dancer. The Emerson and Celeste act is all to the merry, convincing the audience with the troubles of a sporty clubman in his efforts to get out for an evening.

## MAKING SURE THING OF IT

Now That Money Is Scarce, the New York Gamblers Are Taking No Chances.

Real money is becoming criminally scarce with the gambling fraternity here, says the New York Press. The stopping of racing out off one source of income, and the recent exposures of the crooked games which are being operated, broadly speaking, in every New York gambling house have also lessened the boob crop. A hundred dollar bill, flashed near the corner of Broadway and 43rd street, would probably cause a dangerous stampede. The old-timers are resorting to every possible means to get in the money.

"I got a sucker," said one of the veterans to another the other day. "He used to know me when I was city clerk of Jiggs Crossings, and he has plenty of confidence in me. I'll get him into a three-handed game, work in a cold deck, and we'll take his crop."

The other old-timer objected that both men lacked capital. "We got our fronts," but it will never do to drop them," said he. Without diamonds and good clothes a professional gambler is in a bad way. But the proposer of the sucker harvest was insistent.

"This guy'll tumble for good money," said he. "Now, you'll see. We can get four or five hundred dollars on our ice. That's enough for working capital. We'll work long, and when I get a good chance I'll send in the cold hand. I'll deal you four kings and give him four queens, and he'll bet his head off."

"He's to have four queens, hey?" said the other. "And me four kings? All right, I'll go you. But I'm going to go through that deck first and take all the aces out."

An actress has been arrested and accused of being crazy. That is a good illustration of what the police of New York know about art.

"Happiness is hallucinatory," saith Nietzsche—so here's to the hallucination!

In the success sweepstakes, at the gether track, fear and hate ran a dead heat for last!

## How Long Are You Going to Continue Coughing and Weakening Your System?

No need of it. When You Can Make a Pint of Laxative Curative Cough Syrup Cheaply.

The only way to cure a chronic or acute cold on the lungs, sore throat, bronchitis, etc., is to get a medicine which will at once relieve the fever and congestion responsible for the cough (which is only a symptom of inflammation) and then proceed to restore the blood and membranes to a healthy state. A fine laxative, curative cough syrup, which will delight any one who tries it, can be made at home cheaply. It beats ordinary cough syrups a hundred to one, because it does not sicken or constipate.

Obtain of your druggist, or have him order from the wholesale, 2 1/2 ounces essence Mentholated. Empty it into a pint bottle. Then make a syrup with a pint of granulated sugar, and a half pint of boiling water, put on fire and let it come to a boil. Then cool and fill up pint bottle and you will agree with the writer that it makes the finest, quickest, active cough syrup you have ever tried. And it not only relieves, but cures.

The dose is a teaspoonful 8 to 10 times daily, or, as required. Give children less according to age.

## WOMEN'S FEDERATED CLUBS IN GREEN BAY

GREEN BAY, Wis., Oct. 17.—The annual state convention of the Wisconsin Federation of Women's Clubs opened in this city today and will continue until Thursday.

Clubs are entitled to representation as follows: Clubs having fifty or less, two delegates; clubs having over fifty and less than 100, three delegates; clubs having 100, five delegates. For every additional fifty or major fraction thereof, one additional delegate will be allowed. It is expected that about 300 delegates will be present.

## FARMERS ORGANIZE SHIPPING SOCIETY

WINONA, Minn., Oct. 17.—Between fifty and sixty farmers residing in the western part of the county at Lewiston organized the Lewiston Stock Shipping association. The farmers propose to eliminate the middleman. They will ship directly to the commission men and by banding together will receive more favorable railroad rates. Five cars of stock will be shipped to Chicago within the next week.

## VIROQUA, WIS.

W. H. Sneed has been suffering from a severe sprain of one ankle. Marriage licenses have been issued to the following: Bennie M. Henry and Serena Sletten, both of De Soto; Marcus C. Olson, De Soto, and Alma Galstad, Christiansburg; Frank Banek, Forest, and Christine Janacek, Greenwood; Martin E. Johnson and Steffina Anna Johannsen, both of Greenwood.

Mrs. Carl Fortney returned from La Crosse, where she submitted to an operation at the St. Francis hospital.

Wm. Clark went to Edgerton to spend a few days hunting. Word comes to Viroqua relatives that Thos. Kelly, formerly of Liberty Pole, had passed away at Sioux City, Iowa. His wife is a sister of Mrs. A. P. Minshall.

Mr. and Mrs. E. M. Nye attended the Gays Mills fair and visited at Viola.

Mrs. P. S. Curtis was a guest of Viola friends.

Miss Mable Aiken of Readstown, lost her millinery stock by fire. It is thought her hot blast stove exploded during the night.

The concrete dam at Viola will not be built until next summer.

Mrs. Wm. Groves visited her parental home at Viola.

Members of the Advancement association have been corresponding with a condensing plant company, in an effort to have the plant located here.

Mrs. L. O. Cole and daughter, Velma, of Redmond, were business caller in the city.

## FATHER TELLS OF FORTUNE IN DREAM

NEW YORK, Oct. 17.—Seven years ago Captain John Armond, master of the tramp steamer Reigate, was notified that his sister, Mrs. Bridget Clarke, had died in Chicago, that the \$5,000,000 did not exist.

No attention to the notice, believing attorneys would look after his interests—and also that the \$5,000,000 did not exist.

The Reigate reached New York yesterday with a cargo of sugar. Today Captain Armond rushed off for Chicago, to see if the money was really there.

"On the present trip," he said, "off the Philippines, we encountered a gale. I was on the bridge four days without sleep. Then I slept the clock twice around. During that sleep my father appeared to me and told me the fortune was real. The dream was so vivid I'm going to Chicago today to see."

Sleep the Fountain of Youth. Any number of women who are cutting ruthlessly into their allowance to swell the cash drawer of the beauty parlors could solve the riddle of appearing fresh and animated if they would but make a practice of taking the proper amount of sleep.

The value of sleep as a restorative and as a fountain of youth is unbelievable until one has bathed regularly therein. It almost seems magic in its effect and many a woman who has discovered the secret is the envy and admiration of her beauty parlor friends.

Eight hours for work, eight hours for sleep and eight for play is the old rule. Up to now no one has improved on this proportion. If you care more for the preservation of your youth and attractiveness than of your pleasure take not less than the allotted eight hours of sleep from the 24.

Anyhow, the rolling stone jumps clean over the ruts!

## Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

**THE ONE REMEDY** so good that its makers are not afraid to print its every ingredient on each outside bottle wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeiter is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

COMMONS MIGHT HELP US

The Milwaukee Bureau of Economy and Efficiency is attempting to do for Milwaukee what somebody should attempt to do for La Crosse and for every other city in the United States. They are attempting to eliminate waste and to secure real efficiency in city government.

No one questions that the average city government is wasteful and inefficient. Indeed, the American people have come to regard this fact complacently, as a necessary evil. Only in late years has attention been given to the thought that there must be a remedy for this situation, and we find that remedy first appearing in the form of remodeled machinery for civic government, as government by commission, with variations.

A writer in La Follette's Magazine, discussing the work of the Milwaukee organization, illustrates the elimination of waste and the creation of efficiency in private business by quoting Philip Armour to the effect that in his packing house "we use everything in the hog except the squeal." It is this economy and efficiency found in the best private business

institutions that the wide-awake city of today aims to emulate.

Recently The Tribune outlined briefly the terms of Wisconsin's new law affording "home rule" to cities, and asked that citizens who are interested make suggestions as to what this city needs in the way of government reform. It seems appropriate for citizens who have ideas on this subject to get together and work out a scientific method of relieving our present admittedly lax system. In this connection The Tribune has a further suggestion to make. John R. Commons, a newly appointed member of the Wisconsin Industrial Commission and a notable factor in the university of Wisconsin, is the man who more than any other has made his membership in the Milwaukee Bureau of Economy and Efficiency valuable to that city. Perhaps he could find time to help La Crosse citizens work out a new plan of government.

AN HONOR TO LA CROSSE

Describing the closing exercises of the recent Eucharistic congress in that city as one that "surpassed anything of its kind," the Cincinnati Inquirer says:

"Moving slowly down Moeller avenue, the clergy ascended the grounds directly in front of the main entrance to the archiepiscopal residence, on the steps of which the altar, burdened with flowers and tapers, awaited its heavenly visitor. Placing the Sacred Host in the tabernacle all repaired to the orator's stand, built about 200 yards from the house, and which the Bishops ascended with their chaplains, while the priests and multitude crowded around to hear the voice of the gifted orator, Father Robert Condon, D.D. of La Crosse, Wis. This brilliant speaker is one of the most talented theologians, as well as one of the greatest orators of the Catholic church in America. He was educated in Rome, where his ability was widely recognized, and he had the honor of preaching in some of the most famous basilicas of the old country. He was, indeed, well chosen for this, the crowning event of the congress, and his golden voice found little difficulty in penetrating to every corner of the crowd. His subject was 'Emmanuel, or God With Us,' taken from the text of the prophecy of Isaiah, and spoken 700 years before Christ, in which the great prophet said: 'And His name shall be called Emmanuel, or God With Us.'"

It is a source of satisfaction to The Tribune to feel that it has citizens who are with honor and distinction doing their share of the world's work, and we believe this community shares with us appreciation of Father Condon. Our one regret is that the constantly wider recognition of his attainments is calculated, in elevating him, to take him from us.

GOVERNMENTS AND FOOD

Where, as in Europe, much authority that in the United States is vested in legislatures is conceded to executives, it is possible to meet economic crises much more promptly and efficiently than it is here. The action of both national and municipal authorities in France, Germany and Austria, in forcibly effecting the reduction of food prices by decrees which vendors have had to obey or in temporarily setting aside the tariffs that admittedly have raised costs, has shown recently that the masses in Europe are protected as American consumers are not. Moreover, European communities do not hesitate to go into business for themselves and bring collective credit and capital into competition with individuals if the latter are believed to be unfair in their methods and unduly covetous of profit. The nearest approach recently in this respect has been seen in Indianapolis, where a mayor has dared to use his power and the city funds in combating the demands of middlemen for more profit on vegetables than consumers or the mayor deem fair.

As an illustration of what a fully empowered executive can do when he will, the action of Governor-General Forbes of the Philippines is indicative. Finding that the insular rice market had been cornered, that dealers were raising the price of the staple food of the Filipinos, did he sit idle or simply indulge in homilies on the error of such a course? Not at all. He engaged rice cargoes in bulk from Indo-China, began to import American maize, and planned to sell at cost to the natives. The rice trust has now capitulated and prices are falling.—Christian Science Monitor.

## The Solved Mystery of the Veiled Lady

For many weeks a lady resident of Woonsocket, R. I., never left the house without a thick black veil over her face, because of an unsightly skin disease on her forehead. The trouble disappeared as soon as Poslam was applied, just as all skin diseases yield to the marvelous healing powers of this perfect remedy. Worst cases of eczema are cured in two weeks. Itching stops with first application. Inflamed skin and red noses clear overnight. Pimples, acne, rashes, scalp scale, dandruff, barbers' and all other forms of itch are eradicated with astonishing readiness. No poisonous or harmful ingredients are contained in Poslam; it is acknowledged "perfection" by its thousands of grateful users. Skin distress should not be endured while Poslam is so easily obtainable. Sold by Chas. A. Beyschlag, E. N. Euler, Hebbard & Co., and all druggists for 50 cents. For free sample write to the Emergency Laboratories, 32 West 25th Street, New York City.

Poslam Soap is medicated with Poslam, and is delightful for every toilet purpose, besides being antiseptic and a preventive of disease. At druggists, 25 cents.

### FOREMOST HORSEWOMAN IN THE WEST

MRS. RICHARD TASKER LOWNDES

LEXINGTON, Ky.—Mrs. Richard Tasker Lowndes of Danville, Ky., the foremost woman owner of five galloping show horses in the west and south, is only surpassed in number of mounts by eastern show horsewomen. Mrs. Lowndes is one of the wealthiest women in Kentucky and is a leader in society. Her horses have taken many prizes at Madison Square Garden and in various shows in Chicago and the north and east, as well as being the largest winners of honors of any stable in the south or west.

### ITALY SENDS AID TO EARTHQUAKE SCENE

ROME, Oct. 17.—Despite war preparations, the government today is preparing to send troops and nurses immediately to Sicily, to search for the dead and care for those injured in Sunday's earthquake in the towns along the foot of Mount Etna.

Communication with the devastated district still is cut off but survivors report that the death toll will be heavy. In Giarre, seven miles north of Acireale, fifty bodies had been recovered when survivors fled from there Sunday night. Mount Etna is throwing out clouds of ashes and smoke, and the inhabitants are panic-stricken, fearing a disastrous eruption.

### To Try Trapping Sparrows.

Agents of the department of agriculture, it was announced, have been for the last two months experimenting with devices to trap English sparrows. From Maine to California an agent of the department has traveled during those months. Many machines have been tried out, but as yet one has not been perfected which officials say will do the work successfully.

Dr. Charles J. Fisher, who has the work in hand, said that the English sparrows are a nuisance and that they harm bearable fruit trees in the spring.

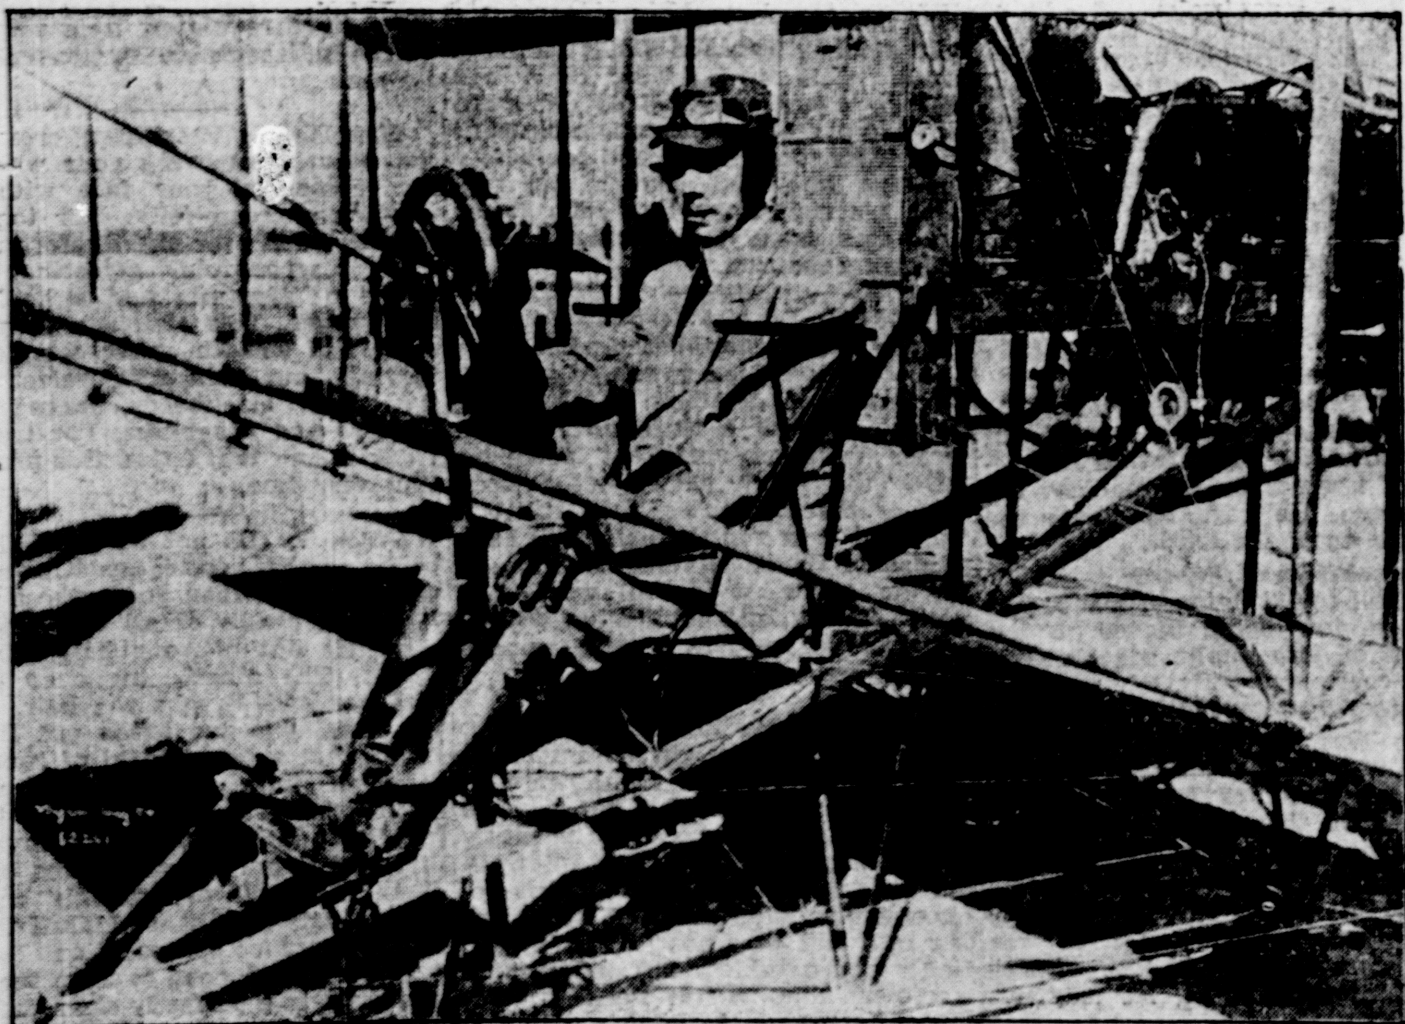

"Take young apple and peach trees, for instance," Dr. Fisher said. "The sparrows eat into the buds and destroy the cores. It then becomes impossible for them to bear fruit."

"We are doing no experimenting in Washington at this time. In several parts of the country, however, we have agents at work with devices. From what I have heard these machines have not as yet been perfected."

### EIGHT TEAMS ARE OUT FOR TITLE

Eight Captains Enter Race for Championship of the Commercial Bowling League Last Night

There will be eight teams in the field this year for the championship of the Commercial Bowling league. This was definitely assured at a meeting of the members of the league last night, when eight captains announced that they were prepared to put a team in the running.

Following are the names of the captains of the different clubs which have already entered: A. Yette, Bartle; J. Voves, Painters; H. Tietz, Peerless; William McDonald, Nationals; Lewis Anderson, Vulcans; R. Roth, Nelsons; Henry Knoes, Summits; and Henry Wittenberg, Hellemans.

The membership of the different teams has not yet been definitely decided upon for all the teams. The Peerless, Painters and Bartle will in all probability, however, have practically the same teams as last year.

Another meeting of the league has been called for Thursday of this week, at which the captains of the different teams will get together and arrange the schedule of the games.

### Life of the Grapevine.

There are some who contend that the life of the grapevine is longer than that of the oak. It is rare that a wild grapevine is found that has died of old age. Piny mentions a vine 600 years old. There is a vine at Hampton Court, England, planted in 1769, while here in America there is a wild grapevine on the shores of Mobile Bay, within a mile of Daphne, Ala., commonly known as the "General Jackson" vine, more than 5 feet in circumference at its base. There is a grapevine in Carpinteria, Cal., under which more than eight hundred persons may stand. Its trunk is eight feet in diameter at the base and it has borne as high as ten tons of fruit. It is said that this vine was planted in 1842.

### Came Back for His Money.

Sixteen years ago a worker at Messrs. Singers' machine works at Kilbowie, Dumbartonshire, left the firm's employment omitting to take with him 14s. 7d. wages due. He spent four years in England, and afterwards joined the army, serving 11 years, mostly abroad. A few days ago the man, whose name is Calligan, called again at Kilbowie and claimed his money, established his right to it, and got it.—The Scotsman.

### The Doctor's Question

Much Sickness Due to Bowel Disorders

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Reckall Orderlies are a positive, pleasant, and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Reckall Orderlies are eaten like candy, they act quietly and aid in producing a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, grip, cause nausea, flatulence, excessive looseness, diarrhoea, or other annoying effect. They are especially good for children, weak persons, or old folks. Three sizes, 10c, 25c and 50c. Sold only at our store.—The Reckall Store, O. T. Erhart.

## ARE YOU FREE FROM—

Headaches, Colds, Indigestion, Pains, Constipation, Sour Stomach, Dizziness? If you are not, the most effective, prompt and pleasant method of getting rid of them is to take, now and then, a desertspoonful of the ever refreshing and truly beneficial laxative remedy—Syrup of Figs and Elixir of Senna. It is well known throughout the world as the best of family laxative remedies, because it acts so gently and strengthens naturally without irritating the system in any way.

To get its beneficial effects it is always necessary to buy the genuine, manufactured by the California Fig Syrup Co., bearing the name of the Company, plainly printed on the front of every package.

## ABUNDANCE OF SOFT, FLUFFY HAIR AND NOT A PARTICLE OF DANDRUFF

Get a 25 cent bottle of Danderine and just try this—stops hair falling out at once.

Danderine dissolves every particle of Dandruff like snow beneath the blazing sun, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Within ten minutes after an application of Danderine you cannot find a single trace of Dandruff or a loose or falling hair and your scalp will not itch, but what will please you most you will be after a few weeks' use, when you will actually see new hair, fine and downy at first—yes—

but really new hair—sprouting all over the scalp.

A little Danderine will immediately double the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowledge's Danderine from any drug store or toilet counter, and prove to yourself tonight—now—that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

## GIANT FAN MISSES WORLD'S SERIES

PHILADELPHIA, Pa., Oct. 17.—Drowning sorrow over the Athletics' defeat by the New York Giants on Saturday was evidently a method of forgetting among the Philadelphia fans who heard the result from the ticker.

Magistrate Harris in the Central Police court had many such cases. One man fell off the water wagon in his celebration of the Giants' victory. And he was irretrievably off he got real troublesome and was rounded up by a reserve policeman. He gave his name as James MacNervy and his address as Auburn, N. Y.

After the policeman had told of his misdoing MacNervy said:

"It was all on account of the baseball game."

"For whom did you root?" asked the magistrate.

"Why, I was celebrating the Giants' victory," MacNervy answered.

"Five days in the county prison," was the magistrate's decree.

## CUBS AND SOX WILL MIX AGAIN TODAY

CHICAGO, Oct. 17.—Chance's Cubs will make a desperate effort this afternoon to humble the lordly Sox in the fifth game of the city championship series. The Cubists have thrice been defeated, and it appeared that rain yesterday only saved them from a fourth trouncing. In their own grounds this afternoon Chance looks for better things.

STATE WON'T PAY  
FOR SUNDAY CLAIMS

MADISON, Wis., Oct. 17.—In answer to an inquiry from Secretary of State Frear, Attorney General Bancroft on Monday ruled that employees of special legislative committees are not entitled to pay for Sundays. Some of these employees put in claims for work on Sunday, and the secretary of state put the question up to the attorney general. The importance of the ruling is that regular employees of the legislature will not hereafter draw pay for Sundays as they have for many years. The order affects every employee in the capitol during the legislative session, such as the chief clerk, journal clerks and others.

## SAYS, DON'T HORDE YOUR RELIGION

If It's Used Only on Sundays Its Value Is Lost, Says President of Synod

### BIG CONFERENCE IS OPENED

Forty Delegates at Meeting of Eastern Division of Synod of the Northwest

About forty delegates last evening attended the opening services of the Eastern Conference of the Synod of the Northwest held at the remodeled English Evangelical Lutheran Church of the Holy Trinity at the corner of West Avenue and Ferry street, which has been remodeled and redecored.

At the services, which open the four days' conference, last evening, Rev. H. K. Gebhart, Kenosha, president of the conference, delivered a sermon. Previous to this the chief service and Holy Communion were held.

Rev. Gebhart spoke on religion and what constitutes a religious man, he declaring that religion and a religious life must be like an aeroplane, that is, it must be kept moving all the time and must be lived at all times. He asserted that the hurry and rush which constitutes Americanism has its effect on religion in that because of this condition the people have not enough time to help the church.

"One often hears people say that politics are so corrupt that good church members will not enter that field," said the speaker. "The reason that they are so corrupt is just because church members hold aloof from them, and the bosses take advantage of this fact to work graft."

Don't Horde Religion  
"Don't put your religion in a vault and let it stay there, for religion that is not used every day is of no use. It is also said that a man can't combine religion with his business, but when this can't be done there is something wrong with the business," declared Rev. Gebhart.

"Religion is to worship publicly as well as privately and one must render service to his fellow men as well as to God. A man may follow some religious principles and pretend to be a Christian, but although he may fool his fellows he cannot deceive God. He may know the doctrines and he may be devout but if he does not possess personal purity he is not a Christian. Those who profess faith must show it by the life they lead."

"Inasmuch as all the problems of life affect the church as a whole, these questions should be solved by church members, for whatever affects the church as a whole affects each individual in the congregation."

Rev. Gebhart asserted that men who give away large sums of money do not do this like Christians should unless they do it out of love for their fellow men.

Today's Program

Today is Sunday School Day for the conference and the following program was arranged:

### ODD WAYS OF THE COMMONS

Illustrated by the Imminent Peril of Mr. Pearce, Who Read Newspaper During Session.

A member of the British parliament remarks in London Opinion that the rules of the house of commons are past all understanding, and then proceeds to cite the case of Mr. Pearce, M. P. and the imminent danger in which he one day appeared to be. This was when the sergeant-at-arms, with his terrible sword in hand, rose from his chair and rushed with cyclonic speed in the direction of the mild, meek and altogether unconscious-offense member. It was quickly made clear what was the cause of this hasty saber charge by the sergeant. Mr. Pearce had actually been reading a newspaper, and there is no more heinous offense known to parliament. The members when in the chamber are not permitted to read newspapers for any purpose not immediately connected with the debate actually in progress, though one may succeed in doing it surreptitiously by folding the newspaper small and concealing it behind the order paper of the day, much like a boy may nibble at an apple in school, concealing the pippin behind his spelling book. Yet more gross breaches of parliamentary etiquette and decorum may be seen, members even wearing their hats when a fellow member is addressing the house, and even the dearest friends of an orator may go to sleep while he is delivering his choicest periods.

### Lessons in Etiquette.

Those who have dined in restaurants or hotels habitually will find that they have fallen into many unpleasant little ways, permissible possibly toward a landlord, but not toward a hostess. They feel that they have the privilege both to criticize openly and to imply criticism either of the food itself or of the way in which it is served. Women who cherish the ambition of making poor, forlorn habits of hotels happy with "home cooking" have their hopes dashed by this ungracious habit. Let those, too, who have fallen into the habit of dipping a spoon or fork into a glass of water and then wiping it on a napkin before using it beware of those moments when they become deeply absorbed in conversation at the house of a friend or even at the home table. Could any habit be more insulting to a hostess?—Harper's Bazar.

## UNVEILING OF STATUE TO GREAT IRISH

UNVEILING STATUE OF CHARLES STEWART PARNELL

First photograph of the unveiling of the bronze statue of Charles Stewart Parnell, the great Irish leader. Statue was made by St. Gens, the famous American sculptor. The unveiling took place in Dublin on October 1, 1911. John Redmond and Richard Crocker were the leading orators of the day. Fully 50,000 persons were in attendance, marking one of the largest crowds ever seen in Ireland since Parnell's funeral. The statue is known as "The Uncrowned King of Ireland." Forty special trains brought the people from all over Ireland and the flag of Erin flew everywhere with a generous mingling of American flags.

### Banks Guarded by Soldiers.

Like the Bank of England, the Bank of France is now guarded every night by soldiers, who do sentry duty outside the building, a watch being likewise kept inside its precincts. But within quite recent time the officials at the French bank resorted to a very novel method of protecting their bulions. This consisted in engaging masons to wall up the doors of the vaults in the cellar with hydraulic mortar as soon as the money was deposited each day in these receptacles. The water was then turned on and kept running until the whole cellar was flooded. A burglar would be obliged to work in a diving suit and break down a cement wall before he could even begin to plunder the vaults. When the bank officials arrived next morning the water was drawn off, the masonry torn down and the vaults opened. Curiously enough, within a few months after this obsolete manner of protecting the bank's cash was done away with, burglars did actually get into the vaults and decamp with about \$45,000 in gold coin.—Strand Magazine.

## Drugstore Talk

The free sample offer of last week was a great success.

They came from all parts of the city with their cutouts for a free bottle.

Many came back for a regular size bottle, highly gratified with the effect of the sample.

"It's the only thing that helped my cough," one man said, "and I've tried many different remedies. Give me a 50c bottle."

"I want a big bottle of that cough cure of yours; that sample relieved my little girl's whooping cough as nothing else did," a woman told me.

"That's the greatest thing I ever struck for a cough, give me a regular bottle of it," another man announced.

"My mother wants a 50c bottle of that same cough medicine that you gave me a sample of, she's much better already," a little boy related.

And so it went on, they were all after the Gray's Yerba Santa Cough Cure, because the sample proved to them how good it was.

## EUROPE AGAIN SEES WAR BOGEY

Italy Prepares to Attack Turkish Islands; Turks Expel All Italians

LONDON, Oct. 17.—The bogey of the extension of the Turko-Italian war to Europe with all its possibilities of international complications has once more raised its head. A dispatch from Rome today says that Italy is preparing to withdraw a portion of its fleet from Tripoli and will occupy several islands of the archipelago.

The significance of this news is increased by the action of the Turkish government in ordering the expulsion from Turkey of all Italian professors and schoolmasters and the permanent closing of all Italian scholastic institutions. These decrees are believed here to indicate that the Young Turks are succeeding in forcing their militant policy.

## TO CARRY FIGHT TO THE NATIONAL G. O. P. CONVENTION

ka sent the biggest delegations from outside Illinois. Senator Moses E. Clapp of Minnesota and Senator C. E. Clapp of South Dakota were two insurgent United States senators present. Wisconsin was represented by Governor McGovern, Lieutenant Governor Thomas Morris, Congressmen Nelson and Lendro, Editors Hicks, Oshkosh; Goodland, Racine, and Higgins, Lake Geneva; State Senator Sanborn, State Treasurer Dahl, Tax Commissioner Nils P. Haugen, Secretary of State Frear and Assistant Secretary Torge, Insurance Commissioner Ekern and Deputy Insurance Commissioner Beedle and others.

The progressive campaign in Illinois was set going at noon, when a banquet, with oratory by Senator Clapp, James Mahan, of St. Paul, and H. F. Cochems of Wisconsin was served up at the Grand Pacific hotel. About two hundred plates were laid.

## MINNESOTA WOULD SELL TWINE HERE

MADISON, Wis., Oct. 17.—"The state of Minnesota, through its prison warden has opened negotiations for the sale of its surplus prison-made twine to the farmers of Wisconsin. It was to permit this to be done, it is understood, that Minnesota increased the output of her plant and changed her laws. Heretofore the plant was not allowed to sell outside of Minnesota until very late in the season. All such barriers are now down.

Henry Wolfer, warden of the state prison at Stillwater, Minn., wrote to the state headquarters of the American Society of Equity in this city, saying the prison is in position to sell twine to the members of the association, and the farmers of Wisconsin generally, under just as favorable conditions as are given the farmers of Minnesota.

## LOCAL DEPARTMENT HIGHLY PRAISED

Dr. J. M. Furstman, who attended the annual meeting of the Wisconsin Anti-Tuberculosis Association held in Milwaukee last week, returned home today. The local health department was spoken of highly for this is the only city in Wisconsin where a trained man is employed for this work and where he devotes his entire attention to it.

Dr. Furstman was, therefore, asked innumerable questions on the work of the department here and how it is conducted. Dr. E. Evans of La Crosse was re-elected a director of the association.

After the convention had ended Dr. Furstman went to Chicago where he visited the health department.

## FLORAL SHOW TO BE IN NOVEMBER

The floral display to be given in the Masonic temple, Eighth and Main streets, will be on November 16, 17 and 18, and not in October, as stated Saturday night.

The show will be one of the largest and best ever held in this state.

## Supercedes Massage As Wrinkle Remover

(The Woman Beautiful)

Many women regularly visit the beauty specialist to have their wrinkles ironed out with the help of hot applications, cold creams and massage. Most of us realize that there comes a time when no amount of persuasion of this sort will avail. This process of "wrinkle removing" is wrong in principle. Both the hot water and the massaging tend to expand and loosen the skin, besides softening the muscular foundation.

The very opposite result should be aimed at. The tissue should be strengthened, the skin tightened, so there'll be no room for wrinkles. The best known preparation for the purpose can be made at home by dissolving 1 oz. salolite in 1/2 pint witch hazel. Use as a wash lotion. The effect is really marvelous. Tell the druggist you want the powdered salolite, which dissolves immediately.

## BAKER BATS THE CHAMPS TO VICTORY

(Continued from Page One)

Doyle, who made a pretty stab and threw yesterday's hero out at first. Murphy lined to Herzog, who brought the crowd to its feet with a sensational catch following a running jump. It was one of the best stops of the series. Davis poked a long fly out to Snodgrass in deep center which Snodgrass captured. No runs, no hits, no errors.

Giants—Murray flew to Lord, who came over into center to pull down the ball. Merkle tried to speed it up when he hit Barry but the latter's throw to Davis nipped him by yards. Herzog fanned. No runs, no hits, no errors.

Third Inning Athletics—Barry started the session with a single to left and on the first ball pitched. Barry stole second. Lapp lined to Doyle, whose throw to Fletcher double Barry. It was the first double play of the series, and nipped in the bud the first rally of this game. Coombs flew out to Doyle. No runs, no hits, no errors.

It was evident that the Athletics intended to try out Meyers and the fact that the first effort proved successful lent the men courage.

New York—Fletcher's first attempt resulted in his flying out to Murphy after he had landed on the first ball pitched. Meyers singled through Baker, hit being too hot for left to handle. With one out and the chief perched on first, Matty walked out and with his wagon tongue singled to right, sending the Indian, under a full head of steam, to third with time to spare. It was a splendid working out of the hit and run play. Devore's oozing anxiety, forced Matty, Barry to Collins. Meyers scored on the play. Devore attempted a steal but was caught, Lapp to Barry. One run, two hits, no errors.

Fourth Inning Athletics—Lord flew out to Snodgrass. Oldring popped an easy fly to Fletcher. Collins beat out by an inch an infield hit to Herzog. With yesterday's combination of two down Collins made a desperate dash for second and was called safe by Connelly, the decision being greeted by a storm of hisses. Meyers' throw went through to the bull's eye but was a trifle late. Matty jumped high and pulled down a nasty bounder, throwing out Baker at first and cutting off what looked like certain hit. No runs, one hit, no errors.

New York—Doyle was thrown out. Collins to Davis, after fouling off three good ones. Snodgrass hit the first ball pitched for a high fly to Lord. Murray flew to Murphy. No runs, no hits, no errors.

The Athletics' little rally in the fourth was short lived, thanks to Matty's pulling himself out of a hole by his desperate jump for Baker's bounder. There was nothing to it in the Giants' half, the side being retired by Coombs in one, two, three order.

Fifth Inning Athletics—Murphy rapped an easy one to Herzog which the latter fumbled and Murphy was safe on an error. Davis smashed Connelly on the leg with a line drive and was safe at first, with a single to his credit. Murphy perched on second and with no one out Barry came to bat. He sacrificed, Matty to Merkle, and the two runners moved up a peg. Lapp, under obvious orders to slam it out, made desperate dashes at the first two balls and missed each by a foot. Lapp then bounced one to Matty, who threw to Meyers to head off Murphy. Murphy started back to third and the Indian tossed to Herzog who ran Murphy down and tagged him a foot from the plate. The ball barely touched the runner's leg and it was a hair-breadth escape for the Giants. Davis took third and Lapp second on the play. Coombs popped an easy fly to Fletcher and Matty was safely out of the worst hole he had gotten into in the series. No runs, one hit, one error.

The big fellow got a rousing reception as he walked to the bench as did Herzog.

New York—Merkle flew out to Lord, who backed up against the left field bleachers fence to make the catch. Herzog drew a pass, the first of the game. Herzog was out stealing. Lapp to Collins. He made a fine sprint and slid safely into the bag, but could not stop and was tagged by Collins before he could get back to the bag. Fletcher grounded out, Barry to Davis. No runs, no hits, no errors.

For the second time in the game the Athletics put a dent in the Giants' reputation for speedy base running when Herzog met the same fate as Devore in attempting to pilfer the second station. Lapp's throw to Collins on Herzog was high but Collins grabbed it safely.

Sixth Inning Athletics—Lord drove a line fly to Murray, which the latter pulled down accepting a hard chance. Oldring fanned, the first Athletic strike-out of the game. Snodgrass smothered Collins' long fly and the side was retired on the pitched balls. No runs, no hits, no errors.

New York—Meyers fouled to Lapp. Matty, who had made one of the two lone hits, scored by the Giants, came up. His best effort this time, however, was a pop fly to Collins. Devore drew three and two then grounded out, Baker to Divas. No runs, no hits, no errors.

By this time the heaviest of the clouds had moved away and the mist was gone. There was still no sun or suggestion of it, but the blackness which in the first couple of innings made it difficult to locate the ball, had disappeared.

Seventh Inning Athletics—Baker reached for a high one on the outside of the plate and started it for the right field bleachers, but it was shy of steam and dropped into Murray's mitt. Murphy flew out to Doyle. Dvis fanned. No runs, no hits, no errors.

The half inning was wound up in short, decisive style and the crowd roared its approval when Doyle stepped up in the Giants' half of the seventh. The sun peeped out for a moment—the first time today.

New York—Doyle grounded out. Collins to Davis. Snodgrass fanned on three pitched balls. Murray walked on four straight balls. Coombs' second pass of the game, Murray made a dive for second on the first ball pitched and was safe when Collins dropped Lapp's throw. Merkle out, Collins to Davis. No runs, no hits, one error.

Eighth Inning Athletics—Barry leaned on the second ball pitched for a double down the left foul line. Lapp beat out an infield hit to Fletcher and with men on first and third Coombs was up. Coombs hit to Doyle, who threw to Meyers and the latter nabbed Barry at the plate. Lapp was stopped at second. Lord hit to Doyle, who threw to Fletcher to force Coombs. Fletcher dropped the ball and Coombs was safe. Lapp made a dash for the plate and Doyle recovered the ball, and threw to Meyers to head off Lapp. Meyers threw to Herzog who ran Lapp down on the line. Fletcher gets an error, Doyle an assist, Meyers an assist and Herzog a putout. Doyle also gets an assist on the toss which Fletcher dropped. Matty made a quick throw to Fletcher to catch Coombs off second, but Connelly gave the runner the benefit of a hair line decision. Oldring struck out on three pitched balls, and Matty for the second time displayed the heart and arm that has won him the reputation of being the greatest slaban baseball has ever known. No runs, no hits, one error.

New York—Herzog flew out to Lord. Fletcher's slashing grounder was pulled down by Barry in time to retire the runner at first. Meyers fanned. No runs, no hits, no errors.

Ninth Inning Athletics—Collins, the first man up, was thrown out, Herzog to Merkle. Baker hit into the right field grandstand for a home run tying the score. Murphy's drive down the left foul line was called a foul by Umpire Klem and he was brought back to the plate. Murphy was safe when Herzog fumbled his grounder, and took second when the third baseman threw the ball over Merkle's head. Herzog got two errors. Davis sacrificed, Meyers to Merkle. Murphy went third. Barry out, Herzog to Merkle. One run, one hit, two errors.

New York—Matty stepped to the plate and the whole Athletic infield rallied around Ira Thomas, who went to second base with orders from the bench. The conversation over, Coombs tested Matty with a wide one. The second was a ball, and the third a strike; the fourth was also a strike. Matty fanned. Devore popped to Baker. Doyle fanned. No runs, no hits, no errors.

With but two hits off Coombs in 9 innings there was genuine gloom among the Giants' rooters as the Giants took the field for the first extra inning of the series. Up to this time the Athletics had secured six hits off Matty's delivery to offset the two made on Coombs.

Tenth Inning Athletics—Lapp was thrown out, Fletcher to Merkle. Coombs was given an ovation as he stepped to the plate. Coombs flew to Doyle. Lord grounded out, Fletcher to Merkle. No runs, no hits, no errors.

New York—Snodgrass was hit for the fourth time in the series but Umpire Brennan refused to give him his

New York—Doyle grounded out. Collins to Davis. Snodgrass fanned on three pitched balls. Murray walked on four straight balls. Coombs' second pass of the game, Murray made a dive for second on the first ball pitched and was safe when Collins dropped Lapp's throw. Merkle out, Collins to Davis. No runs, no hits, one error.

Eighth Inning Athletics—Barry leaned on the second ball pitched for a double down the left foul line. Lapp beat out an infield hit to Fletcher and with men on first and third Coombs was up. Tenth Inning Athletics—Lapp was thrown out, Fletcher to Merkle. Coombs was given an ovation as he stepped to the plate. Coombs flew to Doyle. Lord grounded out, Fletcher to Merkle. No runs, no hits, no errors.

New York—Snodgrass was hit for the fourth time in the series but Umpire Brennan refused to give him his

base, claiming he stepped into the ball. Snodgrass walked, or rather dashed to first after teasing Coombs into giving him four wide ones. Murray sacrificed, Collins to Davis. Snodgrass going to second. Snodgrass out trying to reach third on a short passed ball, Lapp to Baker. As he slid into the base Baker was again on the line and was spiked slightly in the right arm and right leg. Snodgrass was booed and hissed as he went to the bench, and Baker was given a cheer, as he resumed play. Merkle out, Lapp to Collins, attempting to steal. No runs, no hits, no errors.

Eleventh Inning Athletics—Oldring grounded out, Herzog to Merkle. Collins singled over second, and Baker was up with out one. Baker beat out an infield hit to Herzog and went to second. Collins moving up to third when Merkle dropped the ball. Fletcher fumbled Murphy's grounder, Collins scoring and Baker making third. The stands, 75 per cent of whom appeared to be rooting for the Athletics, went wild. Davis singled to right, scoring Baker. Murphy was thrown out at third, Murray to Herzog. Davis out, stealing, Meyers to Doyle. Two runs, three hits, two errors.

The pro-Athletic attitude of the crowd throughout the game and especially during the closing innings was the most remarkable demonstration of antagonism to a home team ever made in a world's series. The attitude was obviously due to the fans' resentment at the ticket speculating scandal.

New York—Herzog doubled over third. Fletcher fled to Lord. Meyers a foul into the left field bleachers just a few feet on the wrong side of the line. Meyers grounded to Collins, who fumbled the ball but recovered it in time to retire the Indian at first. Herzog went to third and Becker batted for Mathewson. Two out and Herzog on third. Becker hit to Collins and was safe. Herzog scoring. Collins again fumbled the ball. Devore up. Devore had one strike called. Becker out, Lapp to Collins. One run, one hit, one error.

NEGRO IS LYNCHED; MOB LEADERS KNOWN

FOREST CITY, Ark., Oct. 17.—The body of Nathan Lacey, the negro lynched here last night, was out today and a coroner's inquest begun. A number of arrests are expected shortly, as few members of the mob which battered in the jail doors, beat down the resisting officials and dragged the negro for a mile through the streets, made any effort to conceal their identity.

Lacey was held in the St. Francis county jail on the charge of assaulting Mrs. Thomas Cox at her home, eight miles from here. In addition to choking Mrs. Cox, her assailant threw her against a hot stove, inflicting burns which may prove fatal.

STUDENTS FAVOR REVOLT

MADISON, Wis., Oct. 17.—A majority of the Chinese students at the university of Wisconsin are in sympathy with the revolution in their native land.

"The revolution now going on in China is similar to the revolution in America in 1776. It is purely a protest against tyranny and corruption," said Kim-Tong Ho, a senior, and candidate for varsity cheerleader. "This does not resemble the Boxer movement in any way, but is being managed by educated men. The leaders are working for a strong central government."

Morris of La Crosse, former Senator Paul O. Hustung of Mayville, State Fire Marshal T. M. Purcell, L. S. Patrick, private secretary to Senator Stephenson; George E. Dee, editor, Chippewa Falls; Edward Alexander, Wausau; C. E. Brady, L. E. McGill, Grant L. Miner, Richard White, Leo F. Kilvinski, and H. R. Pestalozzi, Milwaukee.

Lester Tilton of Chicago was the first witness called. He lived at Neillsville in 1908, and said that M. C. Ring tried to get him to run for the assembly, and said he would see what could be done for him, but did not offer him money if he would run.

Tilton was very soon excused, but at once recalled to explain a letter he wrote John A. Aylward of Madison in which he said a certain party had told him if he would support Stephenson and the liquor interests he would get several hundred dollars. He said he meant Ring, but may have made it a little strong to Aylward, as Ring had not offered him money to run.

## LAST TRIBUTE TO JUSTICE HARLAN

Judges of Supreme Court Are Honorary Pallbearers at Funeral of the "Great Dissenter"

WASHINGTON, Oct. 17.—In a last tribute to Justice John M. Harlan, the "greater dissenter" official Washington went in a body today to the New York Avenue Presbyterian church to attend the funeral services. The justices of the supreme court acted as honorary pallbearers.

Governor Wilson of Kentucky, who years ago was a law partner of Harlan, was in the family group. All the courts and commissions of the federal and district government were assigned special seats. The Loyal Legion sent a large delegation. The burial was private in Rock Creek cemetery.

At the request of the mayor The Tribune has also arranged with many manufacturers to have the whistles at their respective plants blown immediately after the fire bells begin ringing.

Early in the morning Mr. Hurlsten and Mr. Munster selected a suitable landing place at the foot of the fill being made for the new levee park, and Mr. Hurlsten caused planks for the landing of the hydro-aeroplane to be taken to the spot.

All day long people have been on the lookout for the aeroplane, and late this afternoon a considerable number of them assembled at the levee. It is expected there will be thousands there to greet the aviator upon his arrival.

"RD Minneapolis, Minn., Oct. 17.—The Tribune, Wis.—"Robinson left Minneapolis safely at 9:05."

"R. H. YOUNG, Mgr."

SOUTH ST. PAUL, Minn., Oct. 17.—Aviator Robinson passed over here at 9:25 a. m. He was flying sixty miles an hour and about 1,000 feet in the air.

ST. PAUL, Minn., Oct. 17.—Aviator Hugh Robinson was sighted passing this city about 9:30 a. m., flying easily and fast.

HASTINGS, Minn., Oct. 17.—Aviator Hugh Robinson passed over here at 9:41 a. m. He was flying 2,000 feet high and fast. Hastings is thirty miles from Minneapolis and Robinson made it in twenty-nine minutes.

RED WING, Minn., Oct. 17.—Aviator Hugh Robinson passed over this city at 10:05 a. m., but did not stop as scheduled. He was flying high. It is believed he may return before continuing the journey to La Crosse.

LAKE CITY, Minn., Oct. 17.—Aviator Hugh Robinson reached here at 10:15 a. m. and alighted in the river. He reascended at 10:25 a. m. and continued on to La Crosse. Lake City is seventeen miles below Red Wing and eighty-six miles above La Crosse.

MINNEAPOLIS, Minn., Oct. 17.—Hugh Robinson left here on his flight to the gulf at 9:05, and covered the first 72 miles of his flight in 70 minutes, a shade better than a mile a minute.

The aviator d'scarded his intention of stopping at Red Wing, passing that city at an elevation of 1,000 feet. He made St. Paul, eleven miles, in fourteen minutes, and passed Hastings, 26 miles by rail, at 9:41, 36 minutes after his start.

The flight was not interrupted until Robinson reached Lake City, 72 miles from the start, at 10:15. There he alighted in the river but got away again inside of ten minutes.

Robinson passed Minnieska at 10:44, having made 97 miles in 99 minutes, including his stop of approximately ten minutes at Lake City. Two miles south of Minnieska, at Chimney Rock, he met his first trouble, and alighted. This was about 10:46. He was seen to be flying low when he passed Cochrane, and it was presumed that he was having engine trouble. He rose again at 11:42, fifty-six minutes later, but proceeded only as far as Whitman, three miles below, where he again alighted. He had run out of gasoline.

Have Beautiful Hair

Soap and water if used too frequently will soon spoil any head of hair. The best hair treatment is a dry shampoo made as follows: Get six ounces of pulverized orris root and two ounces of vilane powder. Mix thoroughly and keep in a tight box or jar. At night apply a heaping tablespoonful to the hair; distribute with the fingers all through the hair to the scalp. Next day comb and brush until all trace is removed and as a result any man or woman will have beautiful fluffy hair.

This removes dirt, surplus oil, dandruff, etc. It is the best thing ever devised for excessively "greasy" hair.

Many easterners now use it regularly. Men use it daily and ladies one to three times a week

## BLACK RIVER UP TO CITY'S EDGE

Another Residence Topples Into Water There Yesterday, but Water Is Receding

BLACK RIVER FALLS, Wis., Oct. 17.—A jump of twelve feet in the water here yesterday alarmed the residents who had returned to their homes.

The residence of Nicholas Nelson, on the hill north of the city, toppled into the river which threatened to once more attack what is left of the business district.

When the rise came the banks, which had resumed business in temporary quarters, immediately moved cash and all accounts into the court house vaults where they were guarded by a strong force of militiamen.

The river started to recede early this morning, however, and little fear is felt.

## SUNDAY SCHOOL DAY AT SYNOD

Conference Discusses Value of Children in Carrying Religion Into the Home

This is Sunday school day at the Eastern Conference of the Synod of the Northwest being held at the English Lutheran church this week and the morning was given over to discussions of this subject.

The value of religion in the home and what benefits are derived from Sunday school papers given out to the children was fully discussed. It was agreed that the papers were of great value for they are circulated in the homes and directly or indirectly they benefit for the children often ask their parents to read them for them.

Religion in the home was spoken on under various headings.

At 9 o'clock Matins were held after which the organization and business, consisting of several reports, was transacted.

**Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## ELK'S SHOW TO BE FULL OF GINGER

Rehearsals Every Afternoon and Evening Bring Out Real Talent for Minstrels

OCTOBER 30-31 ARE DATES

Music and Novelty Acts Will Keep Audience Interested from the Start

Rehearsals are going on every afternoon and evening for the big production. There will not be a thing left undone in making this the best thing the Elks ever attempted here.

Holly Shepard, "the man who makes minstrels," is very much elated over the talent given him and promises the Elks' many friends a treat in minstrelsy. "Ginger" is the slogan. There will not be a single wait from the rise until the fall of the curtain. The first part will be replete with the latest coon songs and ballads.

The olio, or second part, will introduce up to date specialties, some of which will border on the novelty. Dates have been set for Monday and Tuesday, October 30 and 31.

## EXPERTS REPORT ON SUGAR TRUST

European Monopoly Is Blamed for Recent Tremendous Increases in Prices of Sugar

## AMERICAN CROPS ARE SHORT

U. S. Combine Said to Control Only 42 Per Cent of Industry; Committee to Report

NEW YORK, Oct. 17.—Confirmation of the report that the government experts, who have been investigating the so-called Sugar trust, have completed their report was given today by Congressman William Sulzer, chairman of the subcommittee of the full committee appointed by the house of representatives to carry on the inquiry.

Though Sulzer denied he was responsible for the information getting out that the trust controls only 42 per cent of the sugar industry he did not deny that the report of the experts shows such to be the case.

The report made to the subcommittee is to the effect that the recent tremendous increases in the price of sugar are due to a European monopoly. It is stated that the American Sugar Refineries do not own an acre of sugar producing land.

The immediate cause of the present increase in the price of sugar is said to be that the Cuban sugar, as well as the other crops raised in our own territories, has fallen short, thereby creating a worldwide shortage of 2,000,000 tons. This permits the so-called European monopoly to demand exorbitant prices.

## OVERTURF BURIED TODAY

The funeral of George Overturf, 1526 Berlin street, who died early Sunday morning from tuberculosis, was held at 2 o'clock this afternoon from the residence, Rev. A. V. Ingham, pastor of the Caledonia Street M. E. church, officiating. Burial was made in the Oak Grove cemetery. Sletten in charge.

## Many Nervous Wrecks Result of Sore Feet

Don't permit sore feet to continue; the constant nagging irritation works havoc on the nervous system and frequently brings on serious nervous disorders; besides this there is the torture which everyone knows so well. Don't suffer an hour. Here is a treatment that is the best known to science and is said to be a positive and quick cure for all foot ailments.

"Dissolve two tablespoonfuls of Calocide compound in a basin of hot water. Soak the feet in this for full fifteen minutes gently massaging the sore parts." Results come as if by magic. All soreness goes instantly and the feet feel simply delightful. Corns and callouses can be peeled right off. It gives immediate relief for inflamed bunions, aching feet, sweaty feet, ingrown nails, chilblains and frost-bites. Calocide works through the pores and removes the cause of the trouble. A twenty-five cent box usually is enough to cure the worst feet. Any druggist has it in stock or if not he can get it in a few hours from his wholesale house. Don't waste time and money on uncertain remedies which are sometimes recommended by dealers because they yield more profit. Calocide compound is not a patent medicine but an ethical preparation.

## FRANK STONE IS SENT TO WAUPAN

Lads Instrumental in Prison Sentence; Hack Will Tell of Trouble; Burglary Case Is Up

Frank Stone who is alleged to have entered several of the local homes and to have taken valuables was found guilty of burglary and sentenced to one year in the state prison at Waupun by Circuit Judge Higbee this morning. Stone was discovered in the act of entering a house by two lads who gave chase and caused his arrest.

The case of the State vs. Samuel Hack was continued until Friday, the defendant wishing to introduce testimony in regard to the cause of the trouble which resulted in the shooting of Bleekum.

The case of the State vs. Earl Brown charged with burglary was brought up this morning. Brown is alleged to have entered cars standing in the Milwaukee railroad yards and to have stolen several pairs of shoes. Following the Brown case John Henry Randolph will be arraigned on the charge of larceny.

## OVER \$800 RAISED FOR BLACK RIVER

According to the announcement of the relief committee on the Black River Falls aid, following a recent meeting, over \$800 has already been subscribed by the citizens of La Crosse. This will not only pay for the provisions sent to the stricken city by the relief committee, but will also leave a balance of \$300, which will be used for the benefit of the people of Black River Falls. The subscription fund will not be closed for a week.

## JOSEPH ESPOSITO DEAD

Joseph Esposito, aged 20, died of typhoid fever at the La Crosse hospital Sunday night.

Mr. Esposito, who was born in Italy, worked for the C. B. & Q. railroad near Calvert.

The funeral will be held at nine o'clock tomorrow morning from the undertaking establishment of Ole Elbertson and burial will take place in Oak Grove cemetery.

## LAKE STEAMER SINKS

SAULT STE. MARIE, Oct. 17.—By blocking navigation through the Canadian locks, the steamer Emperor, loaded with grain, today rests on the bottom of the canal below the locks in 25 feet of water. The vessel sprung a leak in her port side and settled to the bottom just after leaving the locks.

## DON'T BE DECEIVED

Newbro's Herpicide is the Only Original Remedy

Just because you happen to see or hear the statement somewhere that another preparation will kill the dandruff germ, stop falling hair and is just as good as Herpicide, don't be fooled and allow yourself to be swindled out of your money.

You want Newbro's Herpicide, the remedy that has been tried, has stood the test of time and now has more satisfied users than all other similar preparations combined. An attempt to sell you something else is merely another effort to profit from the good name established by the only genuine dandruff germ destroyer.

Herpicide kills the dandruff germ, and prevents falling hair. It stops itching of the scalp almost instantly.

It may be claimed that other hair remedies will do the same thing, but Herpicide really does them. Its years of success prove this.

Send 10c in postage or silver for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich.

All druggists sell Newbro's Herpicide. Applications may be obtained at good barber shops. Hoeschler Bros. are special agents for La Crosse. One dollar size bottles are guaranteed.

## WAITING ALL NIGHT FOR TICKETS TO THE WORLD'S SERIES

GETTING TICKETS FOR THE WORLD'S SERIES

NEW YORK CITY.—After waiting all night outside the doors of the St. James building, New York City, in line for the opening of the New York Baseball club, on October 12, there was a great throng of people waiting for tickets to view the contest on Saturday, October 14 at the New York Polo grounds between the Athletics. Shortly after 7 a. m. the police reserves had to be called out to control the biggest New York has seen for years.

# TRIBUNE MARKETS SAVED PROMINENT CALEDONIA MAN \$76 IN ONE DAY—THEY WILL SAVE YOU MONEY, TOO—READ WHAT GUS HUNDREDMARK SAYS:

The Tribune,  
La Crosse, Wis.

Gentlemen:—Every farmer and shipper in this section should be a subscriber to The Tribune, because of the advantages of its market report alone. You beat other papers to us with the world's markets 24 hours.

Last week I shipped a double decker of hogs to Chicago, taking advantage of your market quotations to get the top. The hogs brought me \$6.70. Had I shipped after waiting for the market reports of the next paper coming in here, I would have got \$6.00 at the most. In other words, on this shipment alone I saved \$76. I pay \$3 per year for The Tribune. For the money it saved me in a single deal I could subscribe to it for 25 years. I call that a good bargain.

Yours truly,  
G. A. HUNDREDMARK.

Caledonia, Minn., Oct. 11, 1911.

SAYS MEN ARE NOT FAIR

ST. LOUIS, Mo., Oct. 17.—"The best American men do not always give their wives a square deal. If they are flirts, they are not sports enough to give their wives the same privilege," asserted Prof. Charles Zueblin in an address here.

### DOMESTIC MARKETS

#### New York Stocks

NEW YORK, Oct. 17.—Stocks were supplied at concessions again this morning at the opening. The prices of the active issues generally showed losses of 1/2. Lehigh Valley was the exception, rising 3/4.

11 a. m.—Further rumors of a government suit against the Steel trust caused heavy foreign selling in the first hour which caused losses in many leading railroad and industrial issues here, Lehigh Valley losing its previous gain.

Governments unchanged; other bonds steady.

Noon.—By midday, a steadier tone had developed, the general list being half to three-quarters points above the lowest of the day. Norfolk & Western gained a point.

2 p. m.—The market was firmer in the afternoon, most of the morning losses being more than regained.

Stock market closed steady.

### TAME GULLS OF SHETLAND

Each Family in Lerwick Has Its Own Flock Which the Children Feed.

There are many small villages in the world that have only one street; but Lerwick, in Shetland, besides having only a single street possesses only one tree, and it is not a very tall one either. There are no land birds there, not even a sparrow; but the sea gulls are plentiful.

The inhabitants of Shetland are very proud of their tree and very kind to the gulls, of whom the children make pets. Children who are brought for the first time to see the wonders of one-streeted Lerwick are always shown, as a great curiosity, "the only tree in Shetland."

The sea gulls are the sparrows of Lerwick; and as such they have a greater share in the town's life than the sparrows of London. In the morning you will note that a sea gull sits on every chimney pot. Sea gulls swoop and hover over every roof in town. The air is full of their strange, high, plaintive, haunting cries.

Every house has its own familiar sea gulls and every street its own band of them. But, according to the Fruit Magazine, they never mix. The children in each house have a pet name for their own particular sea gulls; and, having called them by those names, they feed them every day.

Each sea gull knows what is meant for him. No bird attached to one house ever seeks to eat the food scattered from the house next door. He does not dare to do so. So all day long the sea gulls hover and call over the roofs of Lerwick.

The people of the town if they come across a little pile of rice laid upon the roadway step over it with care. They know that it has been placed there for some sea gull. And at night the sea gulls leave their appointed chimney-pots and fly gracefully away to their resting places on the rocks of the Isle of Noss.

## INJURED PLAYERS LOSES FOR W.B.U.

Halfbacks Both Laid Out in  
First Half; Squad Gives  
Promise; Has Second.  
Eckersall

The loss of the W. B. U.-Tomah Indian game of Saturday on the latter's grounds was largely the result of injured players according to the account of the battle given by local rooters. In the first half both halfbacks were injured and were forced to retire which put a kink in the interference and team work of the local aggregation.

It is also claimed by several of the local players that the referee gave the Indians a touchdown on a blocked forward pass which was batted over the visitors' goal line by a member of the Tomah team. The W. B. U. captain protested claiming that the ball should be put in play at the previous scrimmage line but this was disallowed.

The local aggregation gives promise of developing into one of the old time standard elevens that the school turned out in 1906-07 which not only made a remarkable showing against the teams of the surrounding high schools, but played the local high school to a standstill. This is exceptional as it generally takes two or three years to develop a team that can produce the necessary team work to make a winner.

The Business College has plenty of material, however, and as many who are attending the W. B. U. are old high school men with experience with the pigskin, better progress has been made than was expected. In the first game of the season by the W. B. U. squad, little system was shown and the team depended on their

weight to bring victory. However, hard work has developed the team, and something of the machine like regularity of the varsity teams is making itself apparent.

One of the assets of the W. B. U. team which is not common on teams of this class, is a first class boot artist, Lang, who is playing at the full-back position, has been doing remarkable work along this line, booting the pigskin over the bar repeatedly from the forty and forty-five yard line in practice and made the only score of the Tomah game with a drop kick.

With a man like Lang to do the kicking, the W. B. U. team will probably be drilled to a greater extent on defensive tactics than on the offense, relying on drop kicks and place kicks to do the scoring. This will doubtless keep the scores low but will insure the college team from being scored upon.

### A. A. FOR WISCONSIN

MADISON, Wis., Oct. 17.—A comprehensive plan for establishing an athletic association at the University of Wisconsin, similar at the other large universities, will be brought up at the next meeting of the athletic board. The purpose of the association will be to secure an additional source of revenue for athletics and to promote greater interest in them. Membership, which will be secured through the payment of a nominal fee, will entitle students to coupon books, which will give entrance to all athletic contests at about one half price.

### SCALPERS ARRESTED

PHILADELPHIA, Pa., Oct. 17.—Discovery that a gang of ticket scalpers were trying to obtain general admission tickets to the Athletic-Giants game, led to the arrest outside the ball park Monday of four men.

### BAKER'S HOMER DECIDES SECOND

Sends Horsehide Over the  
Fence in Sixth with a  
Man on Second and  
Wins Game

(By Grantland Rice)  
PHILADELPHIA, Pa., Oct. 17.—The quaint, stately village of Trappe, Md., has no Broadways and no Great White Ways of glint and glass.

But Trappe, Md., has its John Franklin Baker, who, with one herculean wallop in the second battle, put out Broadway's lights for fair. It was the great blight way for New York after John Franklin Baker got through and laid aside his war club for the afternoon.

Rube Marquard, the Giant brilliant, made one mistake, yet lost. Or rather it was two mistakes. In the first round he wild-pitched Briss. Lord over with the opening tally. In the sixth round when Baker came up with Collins on and two out, Marquard failed to dive back of the stands and hide the ball. Ghastly oversight! From that first wobble on, Marquard and Plank worked steadily and brilliantly side by side. If anything, the Giant side-wheeler had the edge after the first blow out. Seventeen Mack men in succession had faced his shoots only to retire without striking a blow or receiving a pass. He had recovered from that first shock with rare gameness and grit and was healing his way along with Tiger-hearted courage. Before his shoots, Philadelphia's rabid attack was broken into fragments as effectually as Plank was curling up the Giants.

Baker's blow was a savage wallop, well timed and well delivered, clean and straight through the center. It settled the issue beyond doubt. The Rube had put all he had on the ball, but Baker's bat held more. As the electrified audience sat and watched the drive sail far and true above the right field wall, on into the street beyond, and as it disappeared from sight, Giant hopes sank with it for the day.

Herzog and Meyers compiled the only Giant run. The Indian came through with the timely wallop which gave the Giants a score. Collins, the cracked idol of Saturday, came back with his old-time stuff. Both around his base and at bat he was a ball-playing centipede, covering acres of soil and batting in old-time form.

The only Giant attempt at daring base running was choked off by Briss. Lord's brilliant fielding and perfect throw, which nailed Snodgrass' attempting to stretch a single in the sixth. It was Philadelphia's day, and Philadelphia made good, with something to spare. The last eighteen men who faced Plank were retired in order, only eighteen coming up in the six closing rounds.

To date it has been 80 per cent pitching. The rest of it has been piffle, barring that one wallop of Baker's. The Giants are now batting .173 and the Athletics .169.

After all, now, the sole Giant hope looks to be Mathewson. Mathewson in today—Mathewson in on Thursday, and Mathewson Saturday—that is McGraw's program if the series runs that far.

The final answer after all centers around the magic of the mighty Matty. If Mack's team manages to stop his rush with Coombs, Bender and Plank ready in order for the next three games, the outlook is indigo.

Mathewson and Coombs will fight out the third battle of the series. Neither has yet lost a world's series contest, so lookout for a loud noise when they come head on.

### ALL-AMERICAN TO COACH BADGERS

MADISON, Wis., Oct. 17.—"Germany" Schultz, all-American guard, University of Michigan, was a welcome addition to the coaching staff of the Badgers yesterday afternoon. Schultz, who is in the employ of the Fort Wayne Electric works at its Madison plant, volunteered his aid to the Wisconsin team during the rest of the season, and it was gladly accepted. Schultz is not on the payroll, however, and only the "call of the gridiron" brought him out to Camp Randall. He was dressed in civilian clothes at yesterday's practice, but from now on will wear togs every night.

Coach Richards dispensed with the scrimmage yesterday. The day was rainy and the field soaking wet. Tanberg and Bright were used in the back field, and it is predicted they are assured of these positions for the rest of the season. Players of varsity caliber were used in three squads, most of the work consisting of running signals.

### COACH WILL SUE NORTHWESTERN

APPLETON, Wis., Oct. 17.—Unless a settlement is made within a short time Coach Mark Catlin of the Lawrence college football team will file suit for members of the team and about 125 rooters against the Chicago and Northwestern road for failure to fulfill a contract.

A special coach to carry them from Appleton to Waukesha was ordered for Saturday, going to Milwaukee from Appleton on the regular train and then on a special train from Milwaukee to Waukesha. They were to arrive in the latter city at
